

HOW ARE CARTONS RECYCLED?

CARTONS CAN BE RECYCLED IN TENS OF MILLIONS OF HOMES ACROSS AMERICA! EVER WONDER WHAT HAPPENS TO YOUR CARTONS AFTER YOU PUT THEM IN THE RECYCLING BIN?

- 1 *Cartons put out for collection*

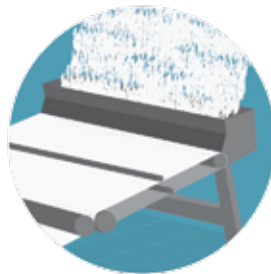

- 2 *They go to a recycling place and are sorted*

- 3 *The sorted cartons are collected and sent to a paper mill*

- 4 *The mill separates the carton's paper fibers with water*

- 5 *Separated paper fibers are now ready to be used*

- 6 *They are made into new products like tissues and paper!*
